

January 4, 2021

Patricia Jackson
Executive Director
Place of Restoration Resource Center

Dear Patricia,

As you are probably aware, food insecurity is a big issue in the United States, especially for diverse family households. Studies have shown that parents feel a great deal of stress and depression surrounding food concerns. This being the case, I felt compelled to send you this thank you letter.

In November of 2020, a **Place of Restoration Resource Center** provided 100 Thanksgiving Meal Food Boxes for residents living at Beacon Hill Apartments in Orlando, Florida. Beacon Hill is an affordable housing community with 192 units that is filled with hard working families who truly appreciate any and all supportive services they receive.

Words cannot express our gratitude enough for your kindness and generosity. Every family that received a meal box was extraordinarily grateful. Your amazing contribution came at the perfect time. Our families face financial struggles without a Pandemic adding in new challenges. Now, more than ever, these families need support from the community at large. And a **Place of Restoration Resource Center** has stepped up and provided that support. Your 100 boxes of food fed hundreds of people including children of all ages.

I have embedded a few photos taken on the day of distribution and attached the flyer we provided to the families for your reference. Should you have any questions or need anything at all, please reach out to me directly. My email is arodriguez@kimc.com and my direct line is (949) 619-6160.

Once more, thank you so very much. And, on behalf of our residents, please extend our thanks to your donors for the support they provide to a **Place for Restoration Resource Center** for helping to make this happen.

Sincerely,

Anita Rodriguez, MA
KIMPACT Program Manager

*Thank you so
very much!*
