August 19, 2021

Mrs. Patricia Jackson,

The Orange County Community Action Division's mission is to enhance the quality of life, promote self-sufficiency, and eliminate the causes and consequences of poverty by mobilizing and directing socioeconomic resources, collaboration and partnership, and by providing high-quality, easily accessible programs and services.

The Community Action Division will help individuals and families achieve economic self-sufficiency by leveraging partnerships that produce a range of culturally-competent, accessible, high-quality services to meet the needs of a diverse community.

We would like to extend our heartfelt thanks and appreciation to Place of Restoration Resource Center for hosting a recent drive through food giveaway at the East Orange Community Center. It is only with partners like you that we can continue to reach our goal of providing accessible and meaningful assistance to our residents. Thanks to PORRC over 200 food boxes, as well as 200 meat and produce packages were distributed in East Orange County. In addition to serving our local residents, we greatly appreciate you making it a point to also serve other partners of our center including, Head Start, Seniors First and Meals on Wheels.

We thank you for your dedication to the community and all the work you put in to make this event happen. Your team of volunteers provided a seamless and smooth event. We couldn't have asked for a better outcome or better partners to work with. You have shown us that PORRC is reliable and reputable organization and we look forward to working with you again.

Sincerely,

A handwritten signature in black ink, appearing to read "Nicole Brown".

Nicole Brown
East Orange Community Center
