Mrs. Patricia Jackson- Executive Director, of Place of Restoration Resource Center Staff and Board of Directors:

The Healthy Start Coalition of Orange County is very pleased and thankful for our partnership with the Place of Restoration Resource Center. From the first time our organizations crossed paths, it was evident that PORRC leadership and volunteers operated with a spirit of compassion, an understanding of the community which they serve, and the professionalism to properly distribute food items to those with the greatest of need.

With the partnership of PORRC, our organization was able to distribute food and essential pregnancy nutrition information to 60 families of new and pregnant mothers in Orange County, FL. PORRC's support of Healthy Start, mothers and infants in our area has helped improve the health of the community by engaging pregnant women and women of childbearing ages in targeted events designed to provide education on improving their health and wellbeing. The Healthy Start & PORRC nutrition education packages helped reinforce important health education learnings and nutrition guidance while providing much needed resources.

We thank you, Mrs. Patricia A. H. Jackson, Mr. Kenny Justice, and the entire team for your partnership and continued support.

Warm Regards,
